No one can get past Futura. Its monumental appearance fascinates me again and again. But why, actually? The design process of Neurath was a search for an answer through careful disassembly and reassembly, understanding and questioning. The result is a rigorous revision that led to a modern, flexible and versatile design.

Earth is the
third planet
from the
Sun.

22/25 pt

Earth is the third planet
from the Sun and the
only astronomical object
known to harbor life.

12/15 pt

Earth is the third planet from the Sun and
the only astronomical object known to
harbor life. While large volumes of water
can be found throughout the Solar System,
only Earth sustains liquid surface water.
About 71% of Earth's surface is made up of
the ocean, dwarfing Earth's polar ice, lakes,
and rivers. The remaining 29% of Earth's
surface is land, consisting of continents

GOLD ENE ZWAN ZIGER JAHRE

FROM WIKIPEDIA
THE *free* ENCYCLOPEDIA

THE GOLDEN TWENTIES

The German term is often applied to the country's experience of healthy economic growth, expansion of liberal values in society and spurt in experimental and creative efforts in the field of art. Before this period, the Weimar Republic had experienced record-breaking levels of inflation of one trillion percent between January 1919 and November 1923. The inflation was so severe that printed currency was often used as domestic fuel, and everyday requirements such as food, soap and electricity cost a wheelbarrow full of banknotes. It was only after radical economic reform measures initiated by the Weimar Republic, such as introduction of a new currency, the Rentenmark, tighter fiscal control and a reduction in bureaucratic hurdles led to an environment of economic stability and prosperity in Germany.

PROMINENT FIGURES

Marlene Dietrich	1901 – 1992
Thomas Mann	1875 – 1955
Fritz Lang	1890 – 1976
Anita Berber	1899 – 1928
Otto Dix	1891 – 1969
