In the 1960s, Roger Excoffon’s Antique Olive provided the antithesis to the neutral, sans-serif typefaces that were widespread at the time. The Multima family picks up here and carries the idea into the 21st century. It is as powerful as a Formula 1 racing car and as multifunctional as a Swiss army knife.

11/13 pt

Earth is the third planet from the Sun and
 the only astronomical object known to
 harbor life. While large volumes of water
 can be found throughout the Solar System,
 only Earth sustains liquid surface water.
 About 71% of Earth's surface is made up of
 the ocean, dwarfing Earth's polar ice, lakes,
 and rivers. The remaining 29% of Earth's
 surface is land, consisting of continents
